Subject: Clean our river and promote our economy

Please support blue-collar workers by giving us a river cleanup plan that helps our industrial employers grow.

I want to see the EPA support a clean river. But I also want to see the EPA support a strong Portland economy. A strong economy relies heavily on the blue-collar jobs that exist on the Willamette River.

I would guess that you'll get a ton of comments. I just hope that you remember that the river here is important for our recreation but that it also supports our jobs and helps put food on our tables.

Sincerely,
